Dear Quilters,

Wow, the month of June is almost gone. We don't know about you but we have to stop and scratch our head and wonder, how did Independence Day get here so fast... so Happy Summer! Summer officially began on June 20, but really for most of us summer really kicks off after Memorial Day weekend. Have you made a plan for summer? So far, we have had hot weather, and some serious storms here in Mt. Airy, with more heat expected later this week. Summer is a perfect time to get some quilting done...inside a cool house!

Speaking of summer, don't forget that the Row By Row Shop Hop has now officially started. It runs through the summer and ends the 9th of September.

Here is our Row - From Sugarloaf to the Shore!
